Dear Ms. Pekar,

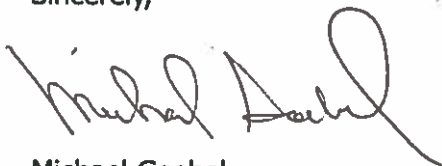

Thank you for your correspondence dated August 30, 2016, requesting an Impact Statement as Gottlieb Memorial Hospital prepares to discontinue Obstetrical Services effective December 12, 2016.

At AMITA Health Adventist Medical Center Hinsdale, we could accommodate a portion of Gottlieb's OB caseload up to 50%. Out of Gottlieb's 930 admissions, Hinsdale could take 465 with an average daily census increase of 2.7 OB patients.

There are no conditions, restrictions or limitations serving this patient population. Hinsdale is a Level III NICU and affiliated with the University of Chicago Medicine Perinatal Network. We are ready to assist Gottlieb Hospital as they make this service change.

If you have questions or require additional information, please contact either of our offices at 630.856.6001 or 630.856.6003 respectively. Thank you.

Sincerely,

Michael Goebel
